## COMFORT AND EFFICIENCY WITH JUST A TOUCH.

It's a comfortable feeling knowing that you're in control. With American Standard Heating & Air Conditioning thermostats, you can set precisely the degree of home comfort you prefer and the level of energy efficiency you require. American Standard has a hard-working, reliable thermostat to suit every system and any budget, and each one puts control of your home's comfort at your fingertips.

### Touchscreen Programmable

#### Gold ZM

With AccuLink™ communicating capabilities and dual fuel compatibility, the Gold ZM offers powerful, versatile control. Other features dedicated to your comfort include 7 day programmability, four heating and two cooling stages, a humidity sensor and automated filter reminders.

*(Note: Not compatible with Variable Speed Systems)*

#### Gold XM

The Gold XM is focused on your comfort, and features a humidity sensor, effortless 7 day programming and automatic changeover from heating to cooling.

### Programmable

#### Silver XI

With the ability to control up to three heating and two cooling stages, the easily-programmed Silver XI provides weekday/weekend scheduling and precise temperature control.

### Non-programmable

#### Silver SI+

The Silver SI+ keeps you comfortable with up to three heating and two cooling stages. It also offers air filter reminders, a backlit display and keys, and automatic changeover between heating and cooling.

#### Silver SI

A clear, easy-to-read display and backlit keys make the Silver SI a smart choice. For your convenience, it includes an energy savings mode and automatic changeover between heating and cooling.

## Take your home's comfort and efficiency to a new level.

At American Standard Heating & Air Conditioning, we've always believed comfort comes in many forms. And now, we're taking it a step further. With American Standard's innovative Platinum ZV, Platinum XV, Gold XV and Silver XM Controls, you can set your home to your ideal temperature from most web-enabled devices, like your smartphone. All so you can connect with your home and family, even when you're not at home, with Nexia™ Home Intelligence. For more information ask your local independent American Standard Dealer about Connected Controls and Nexia.

## Our dealers will put you in your comfort zone.

Your independent American Standard Heating & Air Conditioning dealer is a highly trained professional with years of experience who'll work with you every step of the way in choosing the system that's right for you – from walking you through the entire purchasing process to conducting an in-depth analysis of your home and your comfort needs. Based on that information, your dealer will recommend a system that works best for your home. After all, the more efficient the system, the more comfortable you'll be.
